Program Specifications

Program title:

BSc in Business Economics

1	Program Title	BSc in Business Economics
2	Program Code	07
3	Awarding Institution	The University of Jordan
4	Level of Study	Undergraduate
5	Final Qualification	BSc
6	Faculty	Business
7	Department	Business Economics
8	Other Department(s) involved in teaching the program	
9	Mode of Attendance(e.g., full time)	Full time
10	Duration of the Program	4 years
11	Credit hours/ contact hours	132
12	Language of Instruction	Arabic and English
13	No. and date of approval by the Ministry of Higher Education	1967
14	No. and date of national accreditation of the program	
	Program capacity of students/ year	
	Other accreditations of the program	
15	Date of production/revision	
16	No. of current students	640
17	Program Director (name, phone numbers & email)	Dr. Alaa Altarawneh

18. Background to the program and subject area:

Economic students at the undergraduate level are required to successfully pass 132 credit hours in order to earn their bachelor degrees in business economics. In addition to principles in macro- and microeconomics, students are subject to study a variety of courses in the field such as: Macroeconomic theory, microeconomic theory, monetary theory, financial economics, international economics, econometrics, managerial economics, labour economics, economics of development, Islamic economics, history of economic thought, and others.

19. Vision and Mission statements of the program:

Vision:
- Broadening of students' general knowledge and education
- Strengthening of students adherence to Arabic and Islamic culture and the social values and norms of Arabic society
- Enhancing accessibility to international and national cultural resources

Mission:

20. Reasons behind developing this program:

21. Program aims:

- To open opportunities of study, specialization and concentration in economics that meet local needs focusing on quality and better standards
- To prepare graduates and researchers in economics to meet the needs of the labor market and the private and public institutions
- To undertake and encourage scientific research that contribute to solving scientific and applied problems faced by economic institutions
- To develop curricula of economic and humanitarian sciences and update them in accordance with modern developments in similar areas
- To serve the Jordanian society and contribute to meeting the needs of its community as well as the needs of the Arab community

It is expected that the program will provide opportunities for students to develop and demonstrate knowledge and understanding, skills and competencies and other properties in the following fields:

23. Teaching, learning and assessment methods:

Development of the learning outcomes is promoted through the following <u>teaching and learning methods</u>:

Opportunities to demonstrate achievement of the learning outcomes are provided through the following <u>assessment methods</u>:

24. Reference points:

The learning outcomes have been developed to reflect the following points of reference:

25. Program regulations:

Regulations concerning the program. Can include a link to such detailed regulations.

26. Study plan:

1- University requirements:

A- Obligatory courses

Course code	Course name	Credit hours		Prerequisites
		Theoretical	Practical	

B- Elective courses

Course code	Course name	Credit hours		Prerequisites
		Theoretical	Practical	

2- Faculty requirements:

A- Obligatory courses

Course code	Course name	Credit hours		Prerequisites
		Theoretical	Practical	

B- Elective courses

Course code	Course name	Credit hours		Prerequisites
		Theoretical	Practical	

3- Specialty requirements:

A- Obligatory courses

Course code	Course name	Credit hours		Prerequisites
		Theoretical	Practical	

B- Elective courses

Course code	Course name	Credit hours		Prerequisites
		Theoretical	Practical	

27. Field Experience:

Description, timing and number of credit hours:

28. Project/research:

Description, timing and number of credit hours:

29. Program Learning Outcome Mapping Matrix

Learning outcome / Course code	PILO 1	PILO 2	PILO 3	PILO 4	PILO 5	PILO N

30. Educational facilities and support for the program teaching-learning process:

a- Facilities and laboratories (include name of lab, its area and student's capacity):

b- Supporting staff (include name, work place, position, specialty):

c- Tools and equipment:

d- Faculty members:

No.	Name	Date of Birth	Nationality	Specialty & sub-specialty	University of graduation & Year of graduation (of most recent qualification)	Qualifications	Academic rank, date obtained and donor university	Course/s that will be taught
1.								
2.								
3.								
4.								
5.								
6.								
7.								
8.								
9.								
10.								

d. Library materials:

Library material	No.	Available for		
		Faculty members	Students	Faculty and students
Books				
Journals				
E-books				
E-journals				
Databases				

Entities that offer facilities to receive practical and field experiences:

31. Ways that are followed for program quality assurance:

1. What processes are followed for evaluation of teaching and learning experiences, assessment methods, and the effectiveness of the curriculum or study plan:

2. What processes are followed to obtain feedback from students enrolled in the program about the quality of teaching and learning experiences provided:

3. What processes are followed to develop the skills, knowledge and capabilities of faculty members:

4. What indicators and standards are used to guarantee commitment to quality in the program:

32. Student development over the course of study

33. Entrance Requirements

34. Four prestigious universities have the same programme

35. An official document of statistics and surveys issued by official bodies show the unemployment rate for this specialization
